WHY BITDEFENDER?

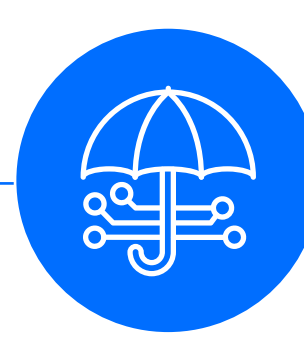

Unified Prevention, Protection, Detection & Response Platform

Consolidate your security across endpoints, email, networks, hybrid-cloud workloads, identity, mobile, and productivity applications

Unrivaled Threat Intelligence

Converging business, consumer, and OEM product lines, our threat intelligence enables us to understand and counter emerging threats with the highest efficacy

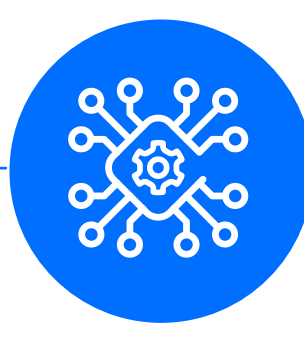

Unmatched Attack Protection

Using advanced Machine Learning, AI, and Anomaly detection technology, we identify and stop more attacks at the pre-execution stage than competitors

Detection and response capabilities available to companies of all sizes

Our technology and Managed Services provide comprehensive visibility, attack containment, and remediation of security incidents through automated and guided responses

Patented Tamper-Proof Ransomware Mitigation

Recover your sensitive data reliably with our exclusive tamper-proof Ransomware mitigation that doesn't rely on the often-compromised and resource intensive VSS Shadow Copy Volume

The recognitions received by Bitdefender are for Bitdefender Gravityzone, except for VBSpam, which has been awarded for Bitdefender Email Security.
