

## SUMMARY OF VBSPAM EMAIL SECURITY COMPARATIVE REVIEW PERFORMANCE: BITDEFENDER

A long-time participant in the VBSpam test, *Bitdefender* has built up a solid and consistent record: it is the only vendor to have participated in all 80 VBSpam tests to date, earning a VBSpam certification on every occasion. The company's email security solution has maintained a continuous presence on the test bench, demonstrating both reliability and performance across the entire history of the test.

Since the introduction of the VBSpam+ certification – awarded to products that achieve a spam catch rate of 99.5%

or higher with zero false positives – *Bitdefender* has further distinguished itself: out of 63 opportunities to date, the vendor has earned the VBSpam+ accolade an impressive 56 times.

Over the past year, *Bitdefender GravityZone Premium* has consistently ranked among the top products based on final score, placing first in both the Q1 and Q2 2025 tests.
